The Annexe Gallery, located in the Central Market Annexe building, was launched in January 2007 as a centre for contemporary arts.

Perfectly complementing the more traditional Central Market, The Annexe Gallery provides spaces for the ongoing expression of present generations. Since their opening, they have attracted countless youths and adults seeking ideas, insights and inspiration.

They have an eclectic programme of events, some of which are internally organised or organised in collaboration with other creative types. They are also THE venue for parties and events.

## GETTING TO THE VENUE

The Annexe Gallery is on the 2nd floor of Central Market Annexe, which is directly behind

the Central Market building. If you emerge from the back entrance of Central Market, you should see Central Market Annexe right before you.

If you're staying at [Geo Hotel \(http://seajam.wordpress.com/accommodations/\)](http://seajam.wordpress.com/accommodations/), Central Market is across the road. It takes about 5 minutes to walk to Central Market.

If you're taking public transport, the nearest train stations to Central Market are the Pasar Seni LRT station and Masjid Jamek LRT station, both about the same distance from The Annexe Gallery. If you're taking a cab, most taxi drivers will understand "Central Market" as the destination, but you will have to orientate yourself toward to the Annexe Gallery behind it.

If you are coming from KL Sentral, Central Market is less than 3 kilometers away. Taxis are available via coupons from the counter inside the building. Expect to pay around RM15 depending on number of passengers and luggage. It is possible to get a taxi to run metered-fare; however you would have to get out of KL Sentral onto Jalan Tun Sambathan and cross the street.
